About Judy Shih-Yun Lo, O.D., F.A.A.O.

Dr. Lo is a board-eligible optometrist with more than 20 years' experience.

She provides general eye care examinations and the diagnosis, treatment, and management of diseases and disorders that affect vision.

In addition to her clinical practice, Dr. Lo provides annual educational lectures to internal medicine physicians and other healthcare professionals. She also has 8 years' volunteer experience providing free eye exams, glasses, and medications to low-income people in Brazil, St. Lucia, and Haiti for the United Nations.

Dr. Lo approaches her optometric practice holistically. She recognizes that everything in the mind and body is connected.

Dr. Lo is married and has a son with a great sense of humor and an adorable kitten. Her family's greatest passion is to travel. They once spent a gap year living in Taiwan and traveling throughout Asia.
