About Casandra Yi-Shiuan Wang, D.M.D.

Dr. Wang is a board-eligible dentist who treats children, adolescents, and adults.

She performs a wide range of dental services for children and adults, including general examinations, teeth cleaning, dental x-rays, dental fillings and crowns, tooth extraction, root canals, basic periodontal treatment, denture and bridge care, referrals and care coordination with specialists, and health education to promote oral health.

Dr. Wang approaches dentistry with a nonjudgmental, patient-centered approach. She believes that the more a patient knows about their dental care, the more involved they become in their general health.

With several years of community involvement, Dr. Wang has provided volunteer dental services to underserved patients in Georgia through a number of public and nonprofit organizations.
